**CITY INCOME TAX**

If your assigned work location and/or your city of residence have a city income tax, upon notification of such, the Treasurer must make deductions from your gross earnings, as required by law. The Treasurer will make deductions for every work location listed below.

Please be aware that your city of residence tax liability depends upon whether your address falls within a city that has a tax. If you are unsure as to your tax liability, contact your local tax authority and inquire. It is your responsibility to communicate this information and any changes thereto, to the Treasurer's Office and/or school location to inquire.

Tax deductions are made first for your assigned work location, then for your city of residence.
